Baby gift set
Essentials

SCD368/01

Highlights

Less colic

Unlike other bottles, the clinically proven anti-colic system is now integrated into the nipple, making it easier to assemble the bottle correctly. As your baby feeds, the unique valve on the nipple opens to allow air into the bottle instead of your baby's tummy.

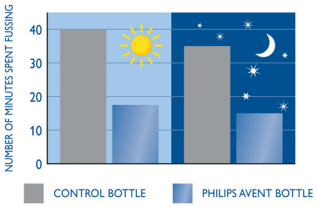
BPA free

Following EU directive (2011/8/EU), the Philips AVENT Classic+ feeding bottle is made of BPA free material (polypropylene).

Easy to assemble in seconds

The new Classic+ bottle has only 4 parts for quick and simple assembly.

Less fussing*



Sleep and nutrition are vital to your baby's health and happiness. A randomised clinical trial was carried out to see whether infant baby bottle design affects "infant behavior". The Philips AVENT Classic baby bottle was shown to significantly reduce fussing by approximately 28 minutes a day as compared to the comparator bottle (46 min vs 74 min, p=0.05) This was especially true during the night-time.*

Leak-free

The new Classic+ bottle is designed to prevent leakage whilst feeding, for a truly enjoyable feeding experience.

Less spit-up, burping and gas

The unique valve on the nipple flexes to your baby's feeding rhythm. Milk will only flow at the pace chosen by your baby to minimise overeating and spit-up, burping and gas.

Dishwasher proof bottle

Sterilize in a Philips AVENT sterilizer, a dishwasher or by boiling in water.

No bottle damage

Round brush reaches hard-to-clean bottle interior. Plastic bristles won't scratch or damage bottles.

Specifications

Country of origin

- EU

Material

- Bottle: Polypropylene, BPA free*
- Nipple: Silicone, BPA free*

What is included

- Bottle and nipple brush: 1 pcs
- Magic Handles: 1 pcs
- Milk powder dispenser: 1 pcs
